INDEX TO VOLUME VIII.

A

ALLEN, F. M. B.: Toxic Polyneuritis, 365
Amyoplasia Congenita (Dorothy Stopford Price), 343
Anæmia in Childhood:
Part I. Introduction (Leonard G. Parsons), 85
Part II. The effect of Yeast on Nutritional Anæmia in Rats (Leonard G. Parsons and Evelyn M. Hickmans), 95
Part III. The Anhæmatopoietic Anæmias [Deficiency Diseases of the Erythron]: Nutritional Anæmia, and the Anæmias of Prematurity, Scurvy, and Cœliac Diseases (Leonard G. Parsons and J. C. Hawksley), 117
Part IV. The Hæmolytic [Erythronoclastic] Anæmias of the Neo-natal Period: with special reference to Erythroblastosis of the New-born (Leonard G. Parsons, J. C. Hawksley and Robert Gittins), 159
Part V. The Hæmolytic [Erythronoclastic] Anæmias of later Infancy and Childhood: with special reference to the Acute Hæmolytic Anæmia of Lederer and the Anæmia of von Jaksch (Leonard G. Parsons and J. C. Hawksley), 184
Part VI. Nutritional Anæmia in Mother and Child (A. V. Neale and J. C. Hawksley), 227
Part VII. Monocytic Reactions in Myelosis (Robert Gittins and J. C. Hawksley), 241
Part VIII. Leukæmia [Leucosis] in Children (Robert Gittins), 291
Part IX. Anæmia and Reticulo-endotheliosis (Robert Gittins), 367
Anæmia of Lederer, 184
Anæmia, Nutritional, Copper in Treatment of (Helen M. M. Mackay), 145
Anæmia, Nutritional, in Mother and Child (A. V. Neale and J. C. Hawksley), 227
Anæmia, Nutritional, Effect of Yeast on (Leonard G. Parsons and Evelyn M. Hickmans), 95
Anæmia of von Jaksch, 184
Aortic Arch, Double (Charles E. Snelling and I. H. Erb), 401
Atelectatic Bronchiectasis *See* Bronchiectasis
Atresia, Œsophageal, Lipiodol in diagnosis of (C. Fraser Brockington and Reginald Lightwood), 397

B

Blood, Non-protein Nitrogen of, in Health and in Hepatic Disease (Margaret T. Tindal), 17
BRAITHWAITE, J. VERNON: Ætiology and Treatment of Pink Disease, 1
BRAY, GEORGE: Symptomatology of Migraine in Childhood, 365
British Pædiatric Association. *See* Pædiatric
BROCKINGTON, C. FRASER (and Reginald Lightwood): Lipiodol in Diagnosis of Congenital Œsophageal Atresia, 397
Bronchiectasis, Atelectatic, in Childhood (Richard W. B. Ellis), 25

C

CAPON, N. B.: Nervousness in Childhood, 365
Cerebral Tumours. *See* Tumours
Choroid Plexus, Papilloma of the (Anne E. Somerford), 53
Cœliac Rickets. *See* Rickets
Copper in the Treatment of Nutritional Anæmia in Infancy (Helen M. M. Mackay), 145

D

D'EWART, J.: Treatment of Rhinitis due to the Klebs-Loeffler Bacillus, 365
Diet, Ketogenic, in the Treatment of Pyuria in Childhood (J. Basil Rennie), 47

E

ELLIS, RICHARD W. B.: Atelectatic Bronchiectasis in Childhood, 25—(and Dorothy S. Russell) Circumscribed Cerebral Tumours, 329
ELLIS, V. H.: Renal Rickets following acquired Nephritis, 73
EL-SAYED, MAH. A. (and M. Fikri): Incidence of Sugars in Urine of Infants and Children, 409
ERB, I. H. (and Charles E. Snelling): Double Aortic Arch, 401
Erythronoclastic Anæmias. *See* Anæmias

F

FIKRI, M. (and Mah. A. El-Sayed): Incidence of Sugars in Urine of Infants and Children, 409
FORD, FINDLAY J.: Metabolism of Healing in Cœliac Rickets, 355, 365
Fractures, Obstetric, in the New-born, Medical Treatment of (Eric Pritchard), 363

G

GARLAND, HUGH G. (and B. S. Platt): Gastromegaly in Children, 211
Gastromegaly in Children (Hugh G. Garland and B. S. Platt), 211
GIBSON, H. J. (W. A. R. Thomson and D. Stewart): The Hæmolytic Streptococcus as a Factor in the Causation of Acute Rheumatism, 57
GITTINS, ROBERT (Leonard G. Parsons and J. C. Hawksley): The Hæmolytic [Erythronoclastic] Anæmias of the Neo-natal Period, 159—(and J. C. Hawksley) Monocytic Reaction in Myelosis, 241—Leukæmia (Leucosis), in Children, 291—Anæmia and Reticulo-endotheliosis, 367
GRAHAM, S. G. (and N. Morris): Effect of Sterilization of Milk on the Retention of Minerals, Nitrogen, and Fat, 363

H

Hæmoglobin Level, Normal, Revised Figures (Helen M. M. Mackay), 221
Hæmoglobin Level, Variation in (Helen M. M. Mackay), 251
Hæmolytic Anæmia. *See* Anæmia in Childhood
Hæmolytic Streptococcus. *See* Streptococcus
Hæmorrhagic Disease, Hereditary (A. G. Ogilvie), 364
HAWKSLEY, J. C. (and Leonard G. Parsons): The Anhæmatopoietic Anæmias [Deficiency Diseases of the Erythron], Nutritional Anæmia, and the Anæmias of Prematurity, Scurvy and Cœliac Disease, 117—(and Leonard Parsons and Robert Gittins): The Hæmolytic [Erythronoclastic] Anæmias of the Neo-natal Period, 159—(and Leonard Parsons): The Hæmolytic [Erythronoclastic] Anæmias of Later Infancy and Childhood: with special reference to the Acute Hæmolytic Anæmia of Lederer and the Anæmia of von Jaksch, 184—(and A. V. Neale): Nutritional Anæmia in Mother and Child, 227—(and Robert Gittins): Monocytic Reaction in Myelosis, 241—(and R. Lightwood): Icterus Gravis Neonatorum, 364
Healing in Cœliac Rickets. *See* Rickets
HICKMANS, EVELYN M. (and Leonard G. Parsons): The Effect of Yeast on Nutritional Anæmia in Rats, 95
HUNTER, RICHARD H.: Case of Megaduodenum with Multiple Anomalies of the Ileum, 155

I

Icterus Gravis Neonatorum (R. Lightwood and J. C. Hawksley), 364
Infantile Sepsis and its Nutritional Effects (A. G. Ogilvie), 413
Intra-peritoneal Therapy (L. Thatcher), 362

K

KELLETT, C. E.: Sex-linked Variations in Twins, 279: Congenital Hypertrophic Pyloric Stenosis of the 17th and 18th Centuries, 323
Ketogenic Diet. *See* Diet

L

LANGMEAD, F. S. (and J. W. Orr): Renal Rickets Associated with Parathyroid Hyperplasia, 265
Leukæmia [Leucosis] in Children (Robert Gittins), 291
Lipiodol in Diagnosis of Congenital Œsophageal Atresia, 397
LIGHTWOOD, R. (and J. C. Hawksley): Icterus Gravis Neonatorum, 364—(and C. Fraser Brockington): Lipiodol in Diagnosis of Congenital Œsophageal Atresia, 397

M

MACKAY, HELEN M. M.: Copper in the Treatment of Nutritional Anæmia in Infancy, 145—The Normal Hæmoglobin Level during the First Year of Life: revised figures, 221—Factors causing variation in the Hæmoglobin Level with Age in the First Year of Life, 251

McNeil, C.: Pyo-pneumothorax, 362
Maize Diet associated with a Nutritional Disease of Childhood (Cicely D. Williams), 423
Megaduodenum with Multiple Anomalies of the Ileum (Richard H. Hunter), 155
Migraine in Childhood, Symptomatology of (George Bray), 365
Milk Sterilization, Effect of, on the Retention of Minerals, Nitrogen, and Fat (S. G. Graham and N. Morris), 363
Morris, N. (and S. G. Graham): Effect of Sterilization of Milk on the Retention of Minerals, Nitrogen, and Fat, 363
Myelosis, Monocytic Reaction in (Robert Gittins and J. C. Hawksley), 241

N

Nabarro, David: Congenital Syphilis, 361
Neale, A. V. (and J. C. Hawksley): Nutritional Anæmia in Mother and Child, 227—Three Hundred Fatal Cases of Tuberculosis in Children, 362
Nephritis, Acquired, followed by Renal Rickets (V. H. Ellis), 73
Nervousness in Childhood (N. B. Capon), 365
Nitrogen of the Blood, Non-protein, in Health and in Hepatic Disease (Margaret T. Tindal), 17
Nutritional Disease of Childhood Associated with Maize Diet (Cecily D. Williams), 423

O

Œsophageal Atresia, *See* Atresia
Ogilvie, A. G.: Hereditary Hæmorrhagic Disease, 364—Infantile Sepsis and its Nutritional Effects, 413
Orr, J. W. (and F. S. Langmead): Renal Rickets Associated with Parathyroid Hyperplasia, 265

P

Pædiatric Association, British: Annual Meeting and Election of Officers, 361—Incidence of Congenital Syphilis, 361—Three Hundred Fatal Cases of Tuberculosis in Children, 362—Pyo-pneumothorax, 362—Intra-peritoneal Therapy, 362—Familial Periodic Paralysis, 362—Medical Treatment of Obstetric Fractures in the New-born, 363—Remarks on Splenomegaly, 363—Staphylococcal Septicæmia in a Girl of 10, with Orbital Metastasis, 363—Prevention of Ward Infections, 363—Effect of Sterilization of Milk on the Retention of Minerals, Nitrogen, and Fat, 363—Hereditary Hæmorrhagic Disease, 364—Icterus Gravis Neonatorum, 364—Toxic Polyneuritis in Two Brothers, 365—Symptomatology of Migraine in Childhood, 365—Nervousness in Childhood, 365—Metabolism of Healing Rickets in Cœliac Disease, 365—Treatment of Rhinitis due to the Klebs-Loeffler Bacillus, 365
Papilloma of the Choroid Plexus (Anne E. Somerford), 53
Paralysis, Familial Periodic (J. C. Spence), 362
Parsons, Leonard G.: Anæmias of Infancy and Early Childhood, 85—(and Evelyn M. Hickmans): The Effect of Yeast on Nutritional Anæmia in Rats, 95—(and J. C. Hawksley): The Anhæmatopoietic Anæmias [Deficiency Diseases of the Erythron] Nutritional Anæmia, and the Anæmias of Prematurity, Scurvy, and Cœliac Disease, 117—(and J. C. Hawksley and Robert Gittins): The Hæmolytic [Erythronoclastic] Anæmias of the Neo-natal Period, 159—(and J. C. Hawksley): The Hæmolytic [Erythronoclastic] Anæmias of Later Infancy and Childhood: with special reference to the Anæmia of Lederer and the Anæmia of von Jaksch, 184
Pink Disease, Ætiology and Treatment of (J. Vernon Braithwaite), 1
Plasma Phosphatase in Rickets and other Disorders of Growth (Jean Smith), 215
Platt, B. S. (and Hugh G. Garland): Gastromegaly in Children, 211
Poliomyelitis, Acute, Immune Serum in (James M. Smellie), 75
Polyneuritis, Toxic (F. M. B. Allen), 365
Price, Dorothy Stopford: Amyoplasia Congenita, 343
Pritchard, Eric: Medical Treatment of Obstetric Fractures in the New-born, 363
Pyloric Stenosis, Congenital Hypertrophic (C. E. Kellett), 323
Pyo-pneumothorax (C. McNeil), 362
Pyuria in Childhood treated by a Ketogenic Diet (J. Basil Rennie), 47

R

Renal Rickets. *See* Rickets
Rennie, J. Basil: Ketogenic Diet in the Treatment of Pyuria in Childhood, 47
Rheumatism, Acute, the Hæmolytic Streptococcus as a Factor in the Causation of (H. J. Gibson, W. A. R. Thomson, and D. Stewart), 57
Rhinitis due to the Klebs-Loeffler Bacillus, Treatment of (J. D'Ewart), 365
Rickets, Cœliac, Metabolism of Healing in (Findlay J. Ford), 355, 365
Rickets, Plasma Phosphatase in (Jean Smith), 215
Rickets, Renal, Associated with Parathyroid Hyperplasia (F. S. Langmead and J. W. Orr), 265
Rickets, Renal, following acquired Nephritis (V. H. Ellis), 73
Russell, Dorothy S. (and Richard W. B. Ellis): Circumscribed Cerebral Tumours, 329

S

Septicæmia, Staphylococcal, with Orbital Metastasis (A. Hayes Smith), 363
Serum, Immune, in Acute Poliomyelitis (James M. Smellie), 75
Smellie, James M.: Immune Serum in Acute Poliomyelitis, 75
Smith, A. Hayes: Staphylococcal Septicæmia with Orbital Metastasis, 363
Smith, Jean: Plasma Phosphatase in Rickets and other Disorders of Growth, 215
Snelling, Charles E.: Double Aortic Arch, 401
Somerford, Anne E.: Case of Papilloma of the Choroid Plexus, 53
Spence, J. C.: Familial Periodic Paralysis, 362—Prevention of Ward Infections, 363
Splenomegaly (J. H. Thursfield), 363
Stenosis, Pyloric, Congenital Hypertrophic (C. E. Kellett), 323.
Stewart, D. (H. J. Gibson, and W. A. R. Thomson): The Hæmolytic Streptococcus as a Factor in the Causation of Acute Rheumatism, 57
Streptococcus, Hæmolytic, in Acute Rheumatism (H. J. Gibson, W. A. R. Thomson, and D. Stewart), 57
Sugars in the Urine of Infants and Children (M. Fikri and Mah. A. El-Sayed), 409
Syphilis, Congenital (D. Nabarro), 361

T

Thatcher, L.: Intra-peritoneal Therapy, 362
Thomson, W. A. R. (H. J. Gibson, and D. Stewart): The Hæmolytic Streptococcus as a Factor in the Causation of Acute Rheumatism, 57
Thursfield, J. H.: Splenomegaly, 363
Tindal, Margaret T.: Non-protein Nitrogen of the Blood in Health and in Hepatic Disease, 17
Tuberculosis in Children, 300 Fatal Cases of (A. V. Neale), 362
Tumours, Cerebral, Circumscribed (Dorothy S. Russell and Richard W. B. Ellis), 329
Twins, Sex-linked Variations in (C. E. Kellett), 279

U

Urine of Infants and Children, Incidence of Sugars in (M. Fikri and Mah. A. El-Sayed), 409

W

Ward Infections, Prevention of (J. C. Spence), 363
Williams, Cecily D.: Nutritional Disease of Childhood Associated with Maize Diet, 423

Y

Yeast, Effect of, on Nutritional Anæmia in Rats (Leonard G. Parsons and Evelyn M Hickmans), 95
